EDUCATION

BTech, Gayatri Vidya Parishad College of Engineering

2020 - 2024

Major in Mechanical and Minor in Computer Science

Relevant Coursework: Data Structures, Computer Networks, DBMS, Web Development, etc

TECHNICAL SKILLS

Programming Languages	Python, JavaScript, Java, C++, Bash
Web Development	HTML, CSS, React, Node, Express, Flask, TailwindCSS, Bootstrap
Database	PostgreSQL, MongoDB
Data Tools	Apache Kafka, Pandas
Developer Tools	Git, AWS, Linux, Postman, Firebase

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CLF-CO2)
- Kaggle Intro to SQL

PROJECTS

Yamper ([pip install yamper](#))

Tech Stack: *Python3*

- Developed a Python package that converts Markdown to HTML, supporting various Markdown elements, including headings, lists, code blocks, images, and inline formatting.
- Implemented lexer and parser to generate tokens from Markdown files, with options for HTML output or token generation.
- Provided customizable HTML output through multiple templates with pre-styled themes and syntax highlighting via Prism.js CDN.
- Packaged and published the tool on PyPI, enabling both command-line use and integration into other projects.

CodeCat ([Try it here](#))

Tech Stack: *ReactJs, NextJs, Tailwind CSS, Firebase, Zod*

- Developed a fully functional web-based code editor similar to Replit, supporting multiple languages.
- Implemented an interactive user interface that facilitates input value submission, enabling users to test their code with various scenarios and view immediate outputs.
- Integrated Firestore from Firebase to store and manage user-created files, ensuring data persistence and accessibility across sessions.

Windows-95 themed Portfolio ([Try it here](#))

Tech Stack: *ReactJs, NextJs, SASS, EmailJs*

- Developed a unique and engaging Windows 95-themed portfolio site which contains applications like wordpad and file explorer.
- Incorporated interactive features such as draggable and resizable components using React-Draggable, emulating the iconic Windows 95 interface.
- Integrated the EmailJs library to facilitate users in sending emails directly from the portfolio site.

EXPERIENCE

- | | |
|---|---------------|
| • Juniper Networks Networking Virtual Internship | 05/23 - 07/23 |
| • Google Cloud Platform - 30 Days of Google Cloud Program | 09/21 - 10/21 |
